Project Design Phase-I
Proposed Solution Template

Date	27 September 2022
Team ID	PNT2022TMID19374
Project Name	Project – News Tracker Application
Maximum Marks	2 Marks

Proposed Solution:

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	When user want to get a news at any place and feel hard to read news papers, magazines. They don't have enough time to read news papers.
2.	Idea / Solution description	Users of this application can read news instantly online or offline. The user can group their favourites.
3.	Novelty / Uniqueness	In this application we provide Audio form of news also and we enable the option like comment. User can comment their own opinion.
4.	Social Impact / Customer Satisfaction	Our project's main objective is to convert each subscription into the best reader possible. Everyone will be informed of the news.
5.	Business Model (Revenue Model)	Our News Tracker Application is simpler for beginning readers than other news applications. The latest news will be posted in plain language.
6.	Scalability of the Solution	We can easily scalable our Applications by clear user interface. Everyone can easily access it.
